REPORT ON IMPLEMENTED FIRST TRAINING FOR CITIZENS AND PUBLIC SECTOR

During the six organized trainings, 244 participants or 34 participants more than planned in project proposal were trained from 93 different institutions in the field of natural disasters risk management. The large number of involved stakeholders suggests that the topic of trainings is of great importance for them and the trainings can be sustainable after the project funding.

Number of participants per WB HEI

Percentage of trained persons per WB HEI

Number of different participated institutions per WB HEI

After organized trainings, WB HEIs prepared self-evaluation report of training for citizens and public sector according to the received evaluation lists. Evaluation list for self-evaluation of trainings contained three groups of questions classified as 1) general organisation of the training (11 questions), 2) general participant expectations (7 questions) and 3) evaluation of trainer (6 questions).

Relevance of the topic

Overall rating of training

REPORT ON REALIZED DISSEMINATION ACTIVITIES

Dissemination activities have been realized in line with the adopted Dissemination plan describing how promotional material, NatRisk results and activities will be used to promote and engage with target groups in order to increase awareness of NatRisk results.

The NatRisk project members have taken part in more than 70 dissemination activities in order to spread information to wider public.

Also, targeted written material such as reports, articles in specialised press, newsletters, press releases, leaflets or brochures have been used to disseminate project results.

More details can be found on the web page <http://www.natrisk.ni.ac.rs/activities?id=21>.

PROMOTIONAL VIDEO BY FOUNDATION TEMPUS

Foundation Tempus in Serbia has recorded video material regarding the NatRisk project.
